Beacon Software is Offering 90 Days Free of Dispatch Anywhere

In the wake of COVID-19, Beacon is offering a free 90 day subscription of their flagship product, Dispatch Anywhere, to assist first responders in need of an immediate solution. This offer is available to new DA customers or preexisting TowMagic and TowLien customers. There are options for Towing and Roadside professionals who are suddenly faced with the daunting prospect of working remotely. Beacon Software is offering a solution to those who are scrambling to communicate effectively with their employees and customers from home or on the road.

Beacon Software's Coronavirus (COVID-19) Response

Just like their software, Beacon employees have always had the ability to work remotely, so Beacon Software remains open and fully functional while [protecting the safety and health](#) of their staff and customers. As part of their SOC2 Certification, Beacon Software has a detailed Business Continuity Plan (BCP) designed to guide their business during unexpected events, such as COVID-19.

Beacon Software Enables You to Work Remotely

For those who find themselves in need of software that will enable them to work remotely, Beacon Software is here to help you and your employees work safely and efficiently from *Anywhere*. All Beacon Software services include the best features and functions, including the ability to work anywhere the job demands. Every Beacon product can be operated on a mobile device or from a computer outside your office.

1. Dispatch Anywhere- Your Next Employee of the Year
